## **Visit OPENonline at SHRM 2009 Annual Conference and Exposition**

Columbus, Ohio, June 1, 2009 - OPENonline, LLC, a leading provider of employment screening and investigative solutions, will be exhibiting at the Society for Human Resource Management's (SHRM) 61st annual Conference and Exposition, June 28-July 1, in New Orleans.

OPENonline will be at booth 3620 to discuss how it can assist companies with their pre-employment background screening process.

In addition to the background screening and drug and alcohol testing, OPENonline will feature:

- SelectHire®:** The one-stop solution for pre-employment screening. Clients design customized screening packages by selecting the searches needed performed, and our experts do the work, saving each client significant time and money.
- I-9 Manager™:** The best I-9 Form management for companies. By integrating with the Department of Homeland Security's E-Verify system, I-9 Manager™ keeps a company compliant by managing U.S. employment eligibility, while satisfying E-Verify requirements imposed by state and federal governments.

"We are very excited about participating in this important conference," said Rich Henderson, President and CEO of OPENonline. "We are looking forward to spending time with current customers, as well as creating new relationships, and listening to how we can help those involved in their company's background screening process."

Representatives will also be available to discuss OPENonline's HR-XML certification and opportunities for ATS and HRIS integrations.
